## **Graduate Assistant in GIScience at University of Hawai'i at Mānoa**

A graduate assistant position is available at the Department of Geography and Environment, at the University of Hawai'i – Mānoa beginning in August 2020. The graduate assistant will join a dynamic research team to work in multiple projects including space-time modeling, geospatial data mining, data crowdsourcing and disaster risk assessment. Applicants should hold a bachelor's or master's degree in a relevant field (e.g. geography, GIS, environmental science) with experience in spatial analysis, quantitative modeling and basic programming skills (e.g. Python or R). Good written/oral communication skills, self-motivation and the ability to conduct independent and collaborative research are desired.

The candidate will need to be admitted to the department's graduate programs to be qualified for consideration, and PhD applicants are preferred. The contract will be renewable annually based on the satisfactory performance and funding availability. To apply for this GA position, please send a cover letter and CV to Dr. Yi Qiang ([yiqiang@hawaii.edu](mailto:yiqiang@hawaii.edu)). Review of applications starts on January 1st, 2020. The position will be open until filled.

If you have general questions about the graduate program in the Department of Geography and Environment, please contact the Graduate Chair, Professor Krisna Suryanata, at [krisnawa@hawaii.edu](mailto:krisnawa@hawaii.edu).

To apply for the graduate programs at the UH, go to the website:

<https://geography.manoa.hawaii.edu/graduate/>. Application deadline is January 15th, 2020.
